The oysters and coffee lunch spread at Athletic Hall, last Saturday, by the ladies of the Episcopal church, was delightful, and much sought after by our citizens. We understand the ladies realized quite a handsome sum from their entertainment.

Another fine rain commenced falling last Monday night, continuing until the middle of the forenoon, the next day. During the night and early Tuesday morning there was some sharp artillery practice overhead, which made people a little nervous.

The exhibition given by the members of the Athletic Club, at their Club Room last Thursday evening, was a most delightful surprise to their many friends. Their gymnastic exercises were performed in splendid order, and many of the feats executed were heartily applauded. The attendance was large and much enthusiasm prevailed. We need not particularize as there was not a balk during the evening. Their receipts were about \$45.

J. C. RASH & SON.

The only accident which occurred during the Fair happened last Saturday afternoon. In the quarter mile pony race a boy named Ira Rogers, from Abilene, was riding the pony "Black-shot." The pony "blew the track," at the northwest corner, and jumping over the fence three young Rogers against a tree, breaking his right leg in two places, about midway between his knee and ankle. A purse was made up on the grounds for the injured boy, the association giving \$20. The amount raised was some \$65. Dr. Crowley was summoned to set the boy's leg, and he is now doing as nicely as could be expected.

Although the attendance was very small no better concert has been given in Salina in a long time than that given by the Salina Cornet Band, at the Athletic Hall, last Friday evening. The band music was excellent. The singing by Messrs. Aldrich, Wildman and Wickham was very fine. The guitar music furnished by Messrs. Charles and Julius Low showed that these gentlemen are excellent musicians. P. Q. Bond with his comic singing was as funny as ever. Kinney came in on the home stretch with his comicities.

Lost—On Sunday, September 30th, 1877, at about noon or in the afternoon, somewhere about \$140 in currency. The money was rolled up and consisted of several bills of different denominations. The person who lost the same missed it after passing from Frank Goodnow's residence on Seventh street up the alley between Santa Fe Avenue and Seventh street to Couser's stable; and from thence on the usual route of travel across Mulberry creek to the farm of W. H. Benade, north west of Salina. A reward of \$25 will be given to the person who will return the money to the office of F. Goodnow & Co's elevator.

Mr. W. C. Sloan announces this week that he designs "entering the lists" as a candidate for the office of County Clerk. Mr. Sloan is one of our most popular young men, being possessed of the rare quality of gaining friends at first sight. He has clerical ability of the highest order, and is in every way qualified to fill the office he seeks, with credit to himself and the county. He has filled a county office in Illinois for several years with signal ability, receiving the highest commendation for his official services from his fellow-citizens. He will enter the contest here with many friends and strong backers.

In this issue will be found the announcement of Henry Parmenter, Esq. He will be a candidate for the office of county commissioner in the Second Commissioner District. Mr. Parmenter is one of the oldest citizens of the county, and no man is better known to the voters of the whole county. No man who has filled official positions in this county has a higher reputation for ability, zeal, and faithfulness to the trusts placed in his charge. He is thoroughly acquainted with the public affairs of this county in all its varied details, and our local government would certainly feel the beneficial effects of his energy, business capacity and sound judgment, were he elected to this position. He has a splendid record and his character for integrity has never been touched with the slightest breath of suspicion.

Mr. O. A. Oris sends us the Black Hills Herald, published at Central City, and the Black Hills Times, published at Deadwood—both daily papers. In the former we find the following:

RED CLOUD AGENCY, Sept. 23.

Our coach, consisting of six passengers and myself, eastern bound, was robbed of all money and valuables, amounting to about two hundred and fifty dollars, two miles south of the Cheyenne river, by two masked men. Treasure box was broken open, but contained nothing.

D. B. POWERS.

The Times contains the following:

D. B. Powers, of the firm of Powers & Potter, mill owners up the gulch, who as a passenger by the Saline stage coach which was robbed near the crossing of the Cheyenne on Saturday, had a presentiment of being robbed before reaching that place, and, acting upon this conviction, sent his gold watch back by the stage driver. The property was deposited in the company's safe here just about the time the real agents were going through the passengers.

Keep quiet! the "agricultural editor" of the "patent outsider" down street begins to be under the influence of the old spell. He begins to rave in his sleep, even. Let the poor, tired, worn out fellow rest quietly, if possible. When he commences to rave and foam he so exhausts himself. Sleep on, poor fellow. Sleep is a much better restorer than the manacles which seemed to be in demand but a short time since.

We have lately received from the author a very neat pamphlet containing a Historical Sketch of Shawnee County, Kan. F. G. Adams, Secretary of the State Historical Society, says of this history: "It has evidently been prepared with great care, and is very full and complete. I have seen nothing like it among the Kansas County Histories." Price 25 cents. Address W. W. Cone, Topeka, Kansas.

A colored man, named Freeman Howell, came up to Salina from Abilene with a white girl, last Monday night. A telegram was received by Marshal Tuttle, Tuesday morning, calling for the arrest of Howell, stating that the couple had run away from Abilene. The colored fellow was arrested and put in the calaboose. The marshal of Abilene came up Tuesday evening after him, returning with him yesterday morning. The girl is about 14 years of age. She has also returned to Abilene.

We received a pleasant call from Mr. Dougan, formerly of Salina, but now a resident of this city, having a large estate two miles from Rock Springs Station, where he is putting in one thousand acres of wheat. Mr. J. J. Crippen of Lawrence, being associated with him in the wheat raising business. By Saturday night this large field will be all sown. This tract was every acre of it covered with buffalo grass last April.—Ellsworth Reporter, Sept. 27.

Messrs. Chas. Dopp and Wm. Miller, of Johnstown, Penna., have purchased Mr. C. W. Jones' farm, and locate here permanently. These gentlemen having come West for the purpose of looking up a location, were starting off on the Topeka & Santa Fe Railroad, when they met W. R. Geis, who induced them to come out here and take a look at our country. They were perfectly satisfied at first sight, and concluded to stay. They return East shortly, and will bring a number of others from their old home, with them.

On Friday last a young man about 18 years of age, calling himself William Fisher, and representing that he lived on Salt Creek, this county, came into town riding a handsome young mare and leading a pony. Shortly after his arrival he proposed to sell the horses at so low a figure that suspicions were aroused that all was not right. His stories were conflicting with regard to the ages of his horses, where he got them, how long he had owned them, &c. Finally Sheriff Walls, like Micawber, always "waiting for something to turn up," made his acquaintance and after questioning him closely, concluded to detain him until the matter could be investigated, and placed him under arrest. After he had been in custody a few hours he confessed to the Sheriff that he had stolen the mare on the night previous, somewhere on the outskirts of Salina, but still insists that the pony belongs to him. He will have his preliminary examination to-day, providing he is not called for by Saline county officials before the hour of trial.—Saline Valley Register.

MARRIED.

WHITE—LORD—This city, on Tuesday evening October 2, at the residence of the bride's parents, by Rev. S. Carr, Mr. Louis White, of Joliet, Ill., and Miss Kate E. Lord, of Salina.

A number of the friends of the family were present at the residence of Col. and Mrs. Henry Logan, to join in the celebration of this happy event, and extend their warmest congratulations to the fair bride and groom. At the conclusion of the ceremony and congratulations, all gathered around the elegantly spread table and partook of the "viands of various kinds to allay the thirst." Many beautiful presents—memorials of sincere friendship and hearty good wishes—were bestowed upon the happy pair, and from the boundaries of a gift frame surrounding the photographs of fifty one hundred brides—dressed and undressed—was made of the groom's hat requested the bride to "make your choice."

Mrs. and Mr. White departed for Joliet, Ill., (their future home) on Wednesday morning, carrying with them the wishes of "long life and prosperity" from a host of friends in Salina. A friend desirous of being connected to the bride.

What a sublime, yet who can tell what to continue in a word may dwell.

Brookville Items.

(From our Special Correspondent.)

Brookville is still alive, and it is believed she has entirely recovered from the "decline" which it was said by rival towns she had gone into.

Real estate business appears to be lively. Our enterprising town-man-druggist-jeweler—real estate agent—insurance agent—sewing machine agent—and "noted Republican"—Mr. Clark, informs us that he has disposed of quite a number of business and dwelling house lots within the past few days, on which buildings
